Parts of the day

There are four parts of the day: morning, afternoon, evening and night.

Morning is the first part of the day. It is the time from sunrise till twelve o'clock a.m. In the morning we are all busy. We wash and have breakfast. We go to school or to work. When we come there, we say "Good morning" to one another.

The second part of the day is afternoon. The English afternoon is the time from twelve o'clock a.m. to six o'clock p.m. We work or study during the day. We also have our lunch in the afternoon. It's the time when people say "Good afternoon" when they meet. In the afternoon we come home from school.

Evening is the third part of the day. It is the time from six o'clock p.m. till sunset. In the evening we do our homework: we read and write, learn English, history, literature, maths, science and other subjects. Our friends come to visit us in the evening. When they come, we say "Good evening". We have dinner, play board games and watch TV.
